ADICIONAL LEGAL INFORMATION

1. Who processes your personal data?

The entire Portal platform infrastructure is hosted and managed by the University Jaume I. So, the specific provisions on Data Processing are:

1. «Administrator Controller»: The Controller 1 (University Jaume I) will be responsible for the processing of personal data processed in 1 to 5 cases.
2. «Processor Controller». The Controllers 2 to 8 will be responsible for the processing of personal data processed in 1 and 5 cases.

2. What personal data do we collect?

With the use of this service, the following personal data will be processed:

1. User registration: username(eduPersonPrincipalName), first and last name(displayName, givenName and surname), e-mail address(mail), type of user (eduPersonScopedAffiliation), country, institution (schacHomeOrganization, o).
2. User support: Technical (IP addresses, browsing behaviour in the platform, personal devices, configurations, screenshots, etc.) and contact data related to users asking for support though the support service.
3. Log data, e.g. IP-addresses and at what time you accessed it.
4. Cookies.
5. User data: Attributes released by each user's institution related to identity, affiliation or academic circumstances (data that cannot be automatically retrieved may be asked for to the user):

This service is aligned with GÉANT Data Protection Code of Conduct:

http://www.geant.net/uri/dataprotection-code-of-conduct/v1 and its updated GDPR version 2: https://refeds.org/category/code-of-conduct

3. Where do we collect your personal data?

Personal data processed in this service is provided by the interested party or by the party's university.

4. How long will we retain your personal data?

The data in the user profile gathered to confirm the identity or the authentication of the user is stored until the authentication or identification has finished.

Support data related to requests from users asking for help is stored until consent is withdrawn, failing which it will be carried out to the extent and for the duration necessary for the purposes for which it is processed. Once the support requests ends and the natural year finishes, data may be anonymised and kept for statistical purposes.

Log data is deleted 365 days after the end of the usage process.

5. What purposes do we process your personal data for?

The EDUC identity and authentication service under the different services of the EDUC Alliance domain is established to provide a unique, common identification and authentication service to be used in any service of the EDUC Alliance.

6. Why do we process your personal data?

The Alliance shall process the data specified in Section 2, in particular user identification or authentication or user data and log data or cookies in order to carry out its public tasks (Article 6 (1) (e) of the General Data Protection Regulation (GDPR) in case of students or according to Article 88 of GDPR, in case of employees, with each alliance member country laws according to specific rules for the processing of personal data in employment contexts through legislation or collective agreements including for the purpose of the performance of employment contracts.

The Alliance shall process technical (IP addresses, browsing behaviour in the platform, personal devices, configurations, screenshots, etc.) and contact data of the data subject for the purpose of managing a request from the user related to a support case or asking for help on the basis of the data subject's explicit and voluntary consent (Article 6(1)(a) of the General Data Protection Regulation).

The Alliance shall process "cookies”. The processing of personal log data and personal data in connection with the storage of session cookies on your device

is carried out on the basis of the aforementioned provisions. The storage of session cookies on the personal device itself is based on Article 22 (2), Spanish Law 34/2002, July 11, on information society services and electronic commerce (LSSICE).

7. To which third parties will we disclose your personal data?

Only the staff responsible for the administration and management of the platform shall have access to all data stored in the system, including the log files. They may process this data solely to ensure the operation of the platform. The evaluation of user data for statistical purposes may only be carried out by the persons named in sentence 1 in an anonymous form. Data is anonymized by deleting the personally identifiable information.

In services or activities that require attributes or information regarding user's identity, the personal data gathered in the authentication and identification service will be transferred to the specific service that the user required access to.

8. What security measures have we implemented?

The general safety measures are:

1. The security measures established in the Spanish National Security Framework (ENS), at medium level, and specified in Annex 2 of Royal Decree 311/2022, of May 3, which regulates the National Security Framework
